PROFESSIONAL SUMMARY

I am a passionate and dedicated MCA student with strong skills in Python, Django, and web development. I have hands-on experience in building full-stack applications, including my project on a Neighborhood Safety Incident Reporting System. I am eager to apply my technical knowledge, problem-solving abilities, and continuous learning mindset to contribute effectively in a professional environment.

KEY EXPERTISE

Python, Django, HTML , CSS , Basic Sql

EDUCATION

Dr. D. Y. Patil Institute of Management and Research

2025 - 2027

M.C.A. - Computer Applications - Dr D.Y. Patil Dnyan Prasad University's, School of Management & Research, Pune |

CGPA: 8.45 / 10

City Premier College

2022 - 2025

B.C.A. (Full Time) | Percentage : 60 / 100

Somalwar High School , Nikalas, Nagpur

2022

12th | MSBSE | Percentage: 72.17 / 100

Somalwar jr. college ,Khamla, Nagpur

2020

10th | MSBSE | Percentage: 93 / 100

PROJECTS

Neighborhood Safety Incident Reporting System

Mentor: Prof. Swati Jadhav | **Team Size:** 1

Key Skills: Python (Django) , HTML , CSS, Javascript , Database Management

The Neighborhood Safety Incident Reporting System is a web-based application designed to help citizens report safety-related incidents such as theft, accidents, and hazards easily. It provides a centralized platform where incidents are stored, analyzed, and monitored using dashboards. The system improves communication between users and administrators, ensuring quick response and better community safety.

My role in this project was to design and develop the complete system using Django, including user authentication, incident reporting, and dashboard analytics. I implemented database structures, created modules for reporting and moderation, and integrated features like location tracking and image uploads. I also handled testing and ensured the system works efficiently.

ACHIEVEMENTS

- Our team secured 2nd prize at Cyberon'25 , a national-level cybersecurity competition organized by Symbiosis Center for Information technology(SCIT) , Pune

ASSESSMENTS / CERTIFICATIONS

Python Django Development Course

Key Skills: Python , Python(Django)

I successfully completed a Python Django Development Course, where I gained hands-on experience in building dynamic and scalable web applications using Django. The course covered backend development, Django ORM, authentication systems, and database integration. I also developed skills in Python libraries like NumPy and Pandas, along with best practices for security and deployment.

Gemini for Google Workspace

I completed the Gemini for Google Workspace course, where I learned how to use AI-powered tools to enhance productivity, collaboration, and workflow automation. The course helped me understand practical applications of AI in real-world tasks within Google Workspace. I gained insights into improving efficiency and leveraging AI for smarter decision-making in professional environments.

Python 3.4.3 Training

I successfully completed the Python 3.4.3 training, where I built a strong foundation in Python programming, including core concepts, problem-solving, and practical coding skills. The course enhanced my ability to write efficient programs and strengthened my understanding of real-world application development.

Frontend Developer (React)

Key Skills: React

Completed HackerRank Frontend Developer (React) certification with hands-on experience in building responsive and scalable web applications using React

CO-CURRICULAR ACTIVITIES

- Participated in college-level Chess and Dance competitions

PERSONAL INTERESTS / HOBBIES

- Chess , Poetry , Watching Movies , Music
